# A MOVING EXPERIENCE...

Our inclusive package to help your move be as stress free as possible

We understand that moving home can be stressful. Of course, you're excited about moving into your new property, making new friends and enjoying new activities. But the thought of downsizing and packing boxes can often feel overwhelming.

This is where we are here to help...

## ...we now offer a complete moving package that includes:

- A personal de-clutter service who will give you advice on downsizing, help you get rid of unwanted items, advise on items of value, and arrange collection of items for sale or clearance of unwanted items

This package includes 12 hours of their time, at least two of which will be spent helping you on the day of your move. If you need more than 12 hours (although we think this is unlikely!) you can arrange this with the de-clutter company direct and pay them for the extra time.

- A 'Move Manager' – from the day of exchange to the day of completion – who will be on hand to advise you and deal with any questions, queries or emergencies you may have
- The provision of a leading BAR removal company via a company specialising in home moves, who will help you pack, move and unpack, they can provide cartons, carpet protectors, soft pack bags and wardrobe packing etc
- They have extended liability insurance of up to **£50,000**

All of the above is completely free of charge for all mainland locations within a 150 mile radius of Liphook. If you're moving from a property over 150 miles away or you're not based on the mainland you may have to pay an additional cost and our retained removal company will be happy to provide a quotation. European and worldwide moves are excluded, although 'House to Home' can give you expert advice and can carry out home moves from most destinations.
